

Accessing the UpToDate® App

The UpToDate® app is now available to all TSDFT staff. It is compatible with most Android, Apple (iOS) and Windows devices. You may install the app on up to two devices.

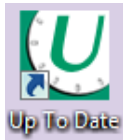

To access the app you will need to register for an UpToDate® account (it is not available via NHS OpenAthens).

Please follow the below instructions:

Step 1: Log on to a Trust PC (for eligibility purposes a Trust PC must be used).

Step 2: Click the UpToDate® icon on the computer's desktop.

Tip: It will look like this:

Step 3: Click the log in/register link (top right corner).

Step 4: Complete the Register (new user) section.

Tip: enter your email address as your chosen username.

Step 5: Using your mobile/tablet access the app store and download the UpToDate® App.

Step 6: Once downloaded enter the login details you have just created.

Step 7: Read and agree the displayed terms and conditions.

Please note: You must log in to the desktop version of UpToDate® at least once in every 90 days to keep your access active.
