

Discovery Search

single search for all library resources

How to access:

- 1) From work or home go to www.sdhl.nhs.uk (note: when at work use Google Chrome not Internet Explorer)
- 2) On the homepage click the Discovery search box to start your search.

Search for a specific journal title with the Journals A-Z.

Login with your NHS OpenAthens account to access full text (where available).

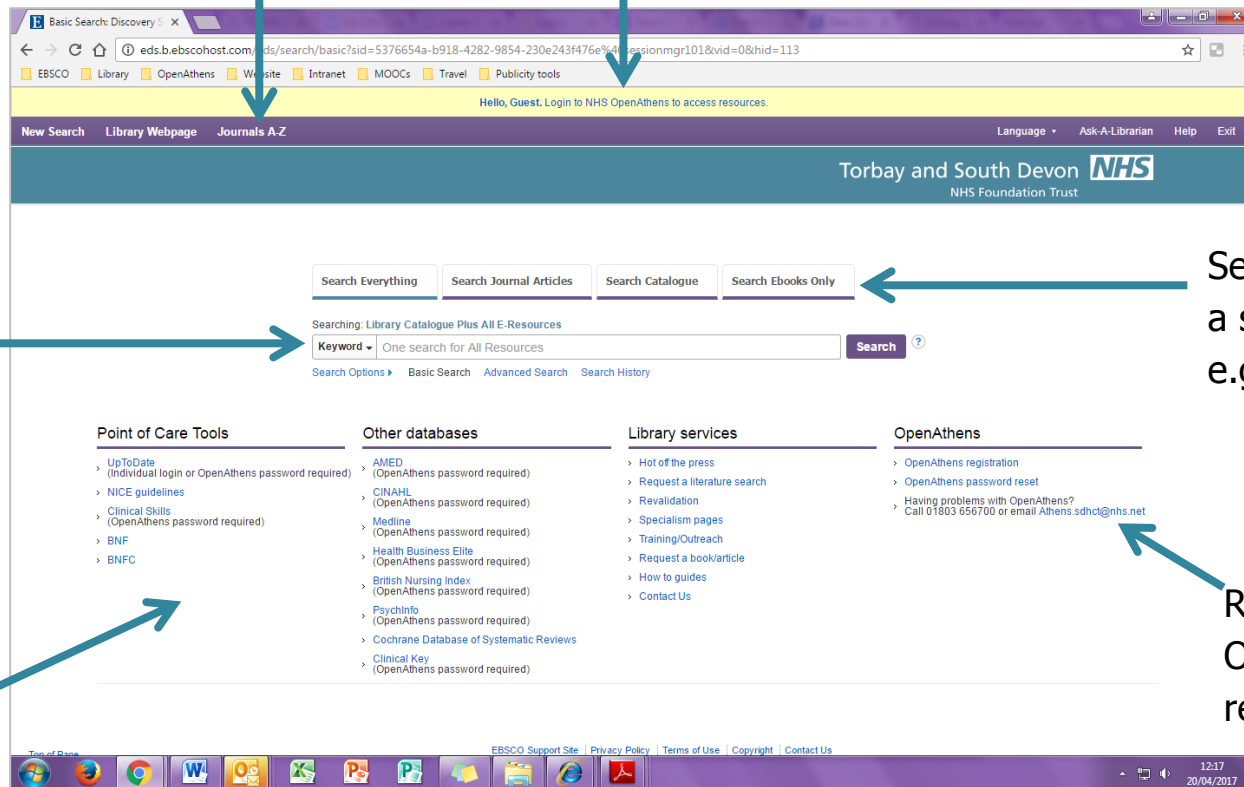

Start a new search.

Enter your search term into the search box and click search. **TIP:** You can enter keywords or specific book, journal or article titles.

Links to other useful resources. **TIP:** use the listed databases for a more in-depth literature search.

Select a tab to search for a specific resource type e.g. ebooks.

Register for an NHS OpenAthens account or reset your password.

TIP: on the search results page use the filters on the left hand side to reduce the number of results. For example select the 'Library catalogue only' filter to see books held in SW NHS libraries.

Results Page

Some searches display a 'Research Starter' which provides a brief overview/introduction to a topic.

Questions? Use the 'Ask-A-Librarian' option to contact the Library team.

Start a new search.

Modify your search.

Current search term and applied search filters.

Available limits:

Full text = only results available to access online will display.

Library catalogue only = only print books held by NHS libraries will display.

Date range = use the sliding scale to view items published between you're chosen date range.

Source types = specify what type of resource you're looking for e.g. books, ebooks, journals (you may need to select show more to view all options).

The screenshot shows a search results page for 'mentorship' on the Torbay and South Devon NHS Foundation Trust website. The page includes a search bar, a 'Refine Results' sidebar, and a list of search results. Annotations with arrows point to various elements: 'Start a new search.' and 'Modify your search.' point to the search bar; 'Current search term and applied search filters.' points to the search bar and filters; 'Available limits:' points to the 'Limit To' section; 'Full text = only results available to access online will display.' points to the 'Full Text' checkbox; 'Library catalogue only = only print books held by NHS libraries will display.' points to the 'Library Catalogue Only' checkbox; 'Date range = use the sliding scale to view items published between you're chosen date range.' points to the date range slider; 'Source types = specify what type of resource you're looking for e.g. books, ebooks, journals (you may need to select show more to view all options).' points to the 'Source Types' section. A 'Research Starter' for 'Mentorship' is highlighted with a blue arrow. The 'Ask-A-Librarian' link in the top right is also highlighted. A 'Research Starter' for 'Mentorship' is highlighted with a blue arrow. The 'Access HTML' button for the first result is highlighted with a blue arrow. The 'Status' column in the results table is highlighted with a blue arrow. The 'Additional Resources' section on the right is highlighted with a blue arrow.

Links to other useful resources.

Online books and articles will display either an 'Access' or 'Request' button.

Results with an access button are available to access online in full-text. Simply click the button and login with your NHS OpenAthens details when requested.

Results with a request button are not available to access online but can be requested. To request simply click the button, enter your contact details and click submit.

If a book is available in print at Torbay Trust Library its shelf location and availability display. If a book is on loan a 'Reserve' link will display. Click the link and enter your details to reserve a copy.

If a print book is not held by Torbay Trust Library a 'Request' button will appear. Click the button and complete the required fields in order to request a copy.
