

DynaMed PlusTM

Mobile App

STEP 1: Using a web browser login to DynaMed Plus at:

Personal mobile/tablet = <http://bit.ly/dynamed-athens> (You'll need to login with your NHS OpenAthens account)

Trust mobile/tablet = <http://bit.ly/icon-dynamed>

STEP 2: Click the 'Get the DynaMed Plus Mobile App' option (located on the DynaMed Plus homepage in the 'Spotlight' section)

STEP 3: Enter your email address into the 'Email' field. Click 'Send'.

Note: you must be able to access the entered email address from your mobile phone. You do not need to use you nhs.net email.

STEP 4: Download the DynaMed Plus app from your device's app store e.g. itunes, Google Play. **Do not open the app at this point.**

STEP 5: Open your email account and look for an email from DynaMed Plus. Click the authentication link contained within the email. You should then see an 'authentication successful' message. Click continue to access the app.

***Note:** once authenticated the app will take 10-15 minutes to download all content. It is advisable to be connected to Wi-Fi during this process otherwise your mobile data will be used.*
